INDEPENDENT AUDITORS' REPORT

Board of Trustees
Eau Claire Community Foundation and Supporting Organization
Eau Claire, Wisconsin

We have audited the accompanying consolidated financial statements of Eau Claire Community Foundation and Supporting Organization (a non-profit organization), which comprise the consolidated statements of financial position as of December 31, 2013 and 2012, and the related consolidated statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Board of Trustees
Eau Claire Community Foundation and Supporting Organization

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Eau Claire Community Foundation and Supporting Organization as of December 31, 2013 and 2012, and the results of their operations and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
DECEMBER 31, 2013 AND 2012**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

Eau Claire Community Foundation, (Foundation) is a non-profit community foundation that is supported by public contributions, which are used to enhance and support the quality of life in the Eau Claire area.

Basis of Consolidation

The accompanying consolidated financial statements of the Foundation are prepared including the financial activity of the Eau Claire Public Schools Foundation, Inc (ECPSF). The Foundation has an economic relationship with this entity. The Foundation established an agreement to manage the finances of ECPSF in exchange for an administration fee effective December 1, 2011. If the ECPSF dissolves, the Foundation would maintain those funds.

ECPSF is a public foundation under Internal Revenue Code (IRC) Section 501(c)(3). The ECPSF's mission is to serve as a catalyst in creating long-term impact in promoting education.

Net Asset Classifications

In order to ensure observance of limitations and restrictions placed on the use of resources available to the Foundation, its accounts are separated into three classes of net assets as follows:

Unrestricted net assets - Net assets that are not subject to donor-imposed stipulations.

Temporarily restricted net assets - Net assets subject to donor-imposed stipulations that may or will be met, either by actions of the Foundation or the passage of time.

Permanently restricted net assets - Net assets subject to donor-imposed stipulations that they be maintained permanently by the Foundation. Generally, the donor of these assets permits the Foundation to use all or part of the income earned on any related investments for general or specific purposes.

Contributions

Contributions are recognized when the donor makes a promise to give to the Foundation that is, in substance, unconditional. Contributions that are restricted by the donor are reported as increases in temporarily or permanently restricted net assets depending on the nature of the restrictions. If the restrictions expire in the fiscal year in which the contributions are recognized, the contributions are reported as increases in unrestricted net assets. When a restriction does not expire in the current fiscal year the contributions are recorded as temporarily restricted and then reclassified to unrestricted net assets when a restriction is satisfied or the proper time period has expired.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Cash and Cash Equivalents

For purposes of reporting cash flows, the Foundation considers all highly liquid investments with an initial maturity of less than three months to be cash equivalents. The balances are insured by the Federal Deposit Insurance Corporation up to certain limits. At times, cash in bank may exceed FDIC insurable limits.

Furnishings and Equipment

Purchased equipment is valued at cost and donated equipment is valued at its estimated fair value at the date of the gift. Equipment costing \$500 or more with a useful life greater than three years is capitalized. Maintenance and repair costs are charged to expense as incurred.

Donated Services

Donated services meeting the requirements for recognition have been reflected in the financial statements. The value of such services was determined using market value for similar services. In addition, a substantial number of volunteers have donated significant amounts of their time in the Foundation's support services and fund raising effort. The value of that time has not been reflected in the financial statements.

Advertising Costs

The Foundation expenses the costs of advertising as they are incurred. Advertising expenses incurred for the years ended December 31, 2013 and 2012 were \$4,856 and \$8,349 respectively.

Allocation of Functional Expenses

The costs of various activities have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among program services, management and general, and fund raising.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Uniform Prudent Management of Institutional Funds Act

During fiscal 2009, the Uniform Prudent Management of Institutional Funds Act (UPMIFA) became effective in the State of Wisconsin. UPMIFA provides guidance on the classification of endowment fund net assets for states that have enacted versions of the Uniform Prudent Management of Institutional Funds Act (UPMIFA), and enhances disclosures for endowment funds. Under UPMIFA all unappropriated endowment fund assets are considered restricted. The financial statements impact for implementation is detailed in Note 8.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair Value Measurements

Fair value measurement applies to reported balances that are required or permitted to be measured at fair value under an existing accounting standard. The Foundation emphasizes that fair value is a market-based measurement, not an entity-specific measurement. Therefore, a fair value measurement should be determined based on the assumptions that market participants would use in pricing the asset or liability and establishes a fair value hierarchy. The fair value hierarchy consists of three levels of inputs that may be used to measure fair value.

Fair Value Hierarchy

The Foundation has categorized its financial instruments, based on the priority of the inputs to the valuation technique, into a three-level fair value hierarchy. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). If the inputs used to measure the financial instruments fall within different levels of the hierarchy, the categorization is based on the lowest level input that is significant to the fair value measurement of the instrument.

Financial assets and liabilities recorded on the balance sheets are categorized based on the inputs to the valuation techniques as follows:

Level 1

Financial assets and liabilities whose values are based on unadjusted quoted prices for identical assets or liabilities in an active market that The Foundation has the ability to access (examples include active exchange-traded equity securities, listed derivatives, and most U.S. Government and agency securities).

Level 2

Financial assets and liabilities whose values are based on quoted prices in markets that are not active or model inputs that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets or liabilities in active markets (for example, restricted stock);
- Quoted prices for identical or similar assets or liabilities in non-active markets (examples include corporate and municipal bonds, which trade infrequently);
- Pricing models whose inputs are observable for substantially the full term of the asset or liability (examples include most over-the-counter derivatives, including interest rate and currency swaps); and pricing models whose inputs are derived principally from or corroborated by observable market data through correlation or other means for substantially the full term of the asset or liability (examples include certain residential and commercial mortgage related assets, including loans, securities, and derivatives).

**EAU CLAIRE COMMUNITY FOUNDATION
AND SUPPORTING ORGANIZATION
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
DECEMBER 31, 2013 AND 2012**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair Value Measurements (Continued)

Level 3

Financial assets and liabilities whose values are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement. These inputs reflect management's own assumptions about the assumptions a market participant would use in pricing the asset or liability (examples include certain private equity investments, and split-interest agreements).

Investments

Investments are recorded at fair value on a recurring basis on the balance sheet. Fair value measurement is based upon quoted prices, if available. If quoted prices are not available, fair values are measured using independent pricing models or other model-based valuation techniques such as the present value of future cash flows, adjusted for the security's credit rating, prepayment assumptions, and other factors such as credit loss assumptions. Securities valued using Level 1 inputs include those traded on an active exchange, such as the New York Stock Exchange, as well as U.S. Treasury and other U.S. government and agency mortgage-backed securities that are traded by dealers or brokers in active over-the-counter markets. Securities valued using Level 2 inputs include brokered certificates of deposit and corporate debt securities that are valued based quoted prices for securities with similar risk, interest rate and maturities. The Foundation does not have any securities that are valued using level 3 inputs.

Unrealized gains and losses are included in the change in net assets in the accompanying statements of activities.

Income Tax Status

The Foundation has been granted tax exempt status under Section 501(c)(3) of the Internal Revenue Code and Wisconsin Statute. It has been classified as an organization that is not a private foundation under the Internal Revenue Code and charitable contributions by donors are tax deductible.

The Foundation has evaluated its tax positions and determined it has no uncertain tax positions as of December 31, 2013.

The Foundation's 2010, 2011, and 2012 tax years are open for examination by the IRS. Should the Foundation's tax exempt status be challenged in the future, all years since inception could be subject to review by the IRS.

Subsequent Events

In preparing these financial statements, the Foundation has evaluated events and transactions for potential recognition or disclosure through May 1, 2014, the date the financial statements were available to be issued.

Reclassifications

Certain amounts in the prior year financial statements have been reclassified to conform to the current year presentation.

NOTE 2 UNCONDITIONAL PROMISES TO GIVE

Unconditional promises to give are recognized as revenues or gains in the period received and as assets, decreases of liabilities, or expenses depending on the form of the benefits received. Unconditional promises to give that are expected to be collected within one year are recorded at net realizable value. Unconditional promises to give that are expected to be collected in future years are recorded at the present value of their estimated future cash flows. These promises are due as follows:

	<u>2013</u>	<u>2012</u>
Receivable Within One Year	\$ 9,993	\$ 40,202
Receivable Within One to Five Years	<u>24,835</u>	<u>45,399</u>

NOTE 5 AGENCY ENDOWMENT AND FLOW THROUGH FUNDS (CONTINUED)

When a third party donor explicitly grants the Foundation variance power, the Foundation will continue to recognize the fair value of any assets it receives as a contribution received when the designated beneficiary is a not-for-profit organization.

Agency endowment funds are valued at carrying value, which approximates fair value, based on the percentage of the agencies' contributions compared to the total pool of investments held at the Foundation. The Foundation withholds management fees of 1.5% annually. Contributions held for other as of December 31, 2013 and 2012 are summarized as follows:

	<u>2013</u>	<u>2012</u>

NOTE 7 DONOR ADVISED FUNDS

The Foundation accepts funds from donors wishing to reserve the right to make recommendations about the charitable use of the funds. In agreement with the donors, such recommendations are advisory only and will not be binding on the Foundation, which will retain final responsibility for all distributions made from the Foundation. These funds are classified as unrestricted net assets since the Foundation retains the final decision about the charitable use of the funds.

NOTE 8 ENDOWMENT

The Foundation has a donor restricted endowment funds established for the purposes of providing income to support the L.E. Phillips Memorial Public Library (Library) and the ECPSF Endowment. As required by generally accepted accounting principles (GAAP), net assets of the endowment fund are classified and reported based on the existence or absence of donor-imposed restrictions. The board of trustees of the Foundation has interpreted the Wisconsin Uniform Prudent Management of Institutional Funds Act (UPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Foundation classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The Foundation considers all earning on endowment funds to be restricted for operations of the Library or ECPSF programs.

The Foundation's endowment is invested in accordance with the investment policy of the Foundation, which includes investments in marketable debt and equity securities.

The following is a summary of endowment funds subject to Uniform Prudent Management of Institutional Funds Act of (UPMIFA) for the years ended December 31, 2013 and 2012.

Fund with Deficiencies

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor requires the Foundation to retain as a fund of perpetual duration. No deficiencies occurred for the years ending December 31, 2013 and 2012.

Investment Objectives and Strategies

The Foundation has adopted an investment policy to provide guidelines for investing endowment assets. Under this policy, as approved by the Investment Committee of the board of trustees, the endowment assets are invested in a manner that is intended to maintain the purchasing power of the current assets and all future contributions, maximize return within reasonable and prudent levels of risk, and maintain an appropriate asset allocation based on a total return policy that is compatible with a flexible spending policy.

To achieve these objectives, the Foundation follows an asset diversification plan, sets performance benchmarks for investments managers, and has established various asset quality and limitations thresholds.

NOTE 8 ENDOWMENT (CONTINUED)

Spending Policy

The Foundation has a policy of appropriating endowment earnings for distribution each year. In establishing this policy, the Foundation considered the long-term expected return on its endowment. Approved distributions that are not used for a calendar year will accumulate and be available for distribution in subsequent years. At no time will the distributions reduce the value of the endowment below donor contributions, unless approved by the donor.

NOTE 9 OPERATING LEASE

The Foundation has a noncancelable operating lease for office space that expires on December 31, 2014. Rental expense for the years ended December 31, 2013 and 2012 was \$12,093 and \$11,740, respectively.

The future minimum lease payments under the operating lease are as follows:

<u>Year Ended December 31,</u>	
2014	<u><u>\$ 12,455</u></u>

NOTE 10 CONCENTRATIONS OF CREDIT RISK

Financial instruments that potentially subject the Foundation to credit risk consist principally of unconditional promises to give, cash deposits in excess of insured limits, and investments of marketable equity and debt securities.
